Honorable Commissioners:

Please vote no on any increased charges from APS to our monthly bills.

As a small business owner, I do not understand how APS can justify raising bills yet again. I do what I can to reduce my costs and I think you should require APS to do the same. Until APS does so, they should not be allowed to receive more money each month for fixed costs or for rates.

I appreciate that you are in the position to balance needs between ratepayers and utilities. In this instance, to me, this is a no-brainer. APS has not justified why it believes it needs to increase costs. APS should not be allowed to take more money from small businesses and other ratepayers.

Thank you for considering my views.
